RAMCRO AND NICCO CABLES

RAMCRO NICCO JOINT VENTURE

"Ramcro" – An Italian Cable Manufacturing Company with its plant in Nerviano &
"Nicco" – An Indian Manufacturing Company with its plant in Kolkata have joined hands for Technology and Facility Sharing.

About RAMCRO

- Ramcro was founded in 1979 as a family company producing Special Cables
 - In over 42 years, Ramcro has successfully expanded its presence in various countries
 - Ramcro, with its manufacturing base in Italy, is present in Italy and overseas in many of the important segments: Oil & Gas, Fire, and Railway
 - Ramcro Special Cables manufactures instrumentation cables, alarm, audio & video cables, BMS cables, FIRE Safe cables, optical cables, and various other speciality cables
 - Ramcro's production capacity is 4,000 km/month and 50,000 km/year on average, considering mixed sizes
 - Ramcro's production department is 18,000 sqm, of which 3,000 sqm. is for stock
 - Ramcro laboratory provides certificates of tests run following major international specifications and is ready to be certified with ISO 17025.
 - Ramcro Lab is also recognized by an international body as a "third-party laboratory"
 - Ramcro solves any kind of technical issue in the area of cables, assuring client satisfaction thanks to high quality and personalized solutions, improving the client's efficiency and optimizing its processes
 - Ramcro offers extremely flexible solutions and a complete range of services, even tailor-made, based on outstanding worldwide experience
- 

About NICCO

- Nicco Cables is a 80-year old brand based in Kolkata, India, specializing in manufacturing of a wide range of Wires and Cables
- Nicco has successfully expanded it's presence in various countries
- Nicco with it's manufacturing base in India, is present in India & overseas in many of the important segments
- Nicco manufactures PVC, XLPE, XLPO, Silicon, ETFE, PTFE, Nylon & other Speciality Cables in various combinations including composite combinations
- Nicco has an in-house compound manufacturing unit for PVC, XLPE, Elastomeric Compounds etc.
- Nicco has an area of 40,000 sqm in which major portion is dedicated to manufacturing along with expandable spaces for Quality Lab, R&D facility, Dispatch
- Nicco laboratory is NABL accredited, and is also authorised to do the testing as a third party laboratory
- Nicco with it's in-house R&D facility and experienced team provides the customised solution for any critical or new application in the Industry
- Nicco is known for technology and was the first Indian manufacturing organisation to have the 3.0 MeV E- Beam Facility from U.S. which is the latest technology for Cables for Solar, Wind, Railway, Metro, Automotive and other critical applications

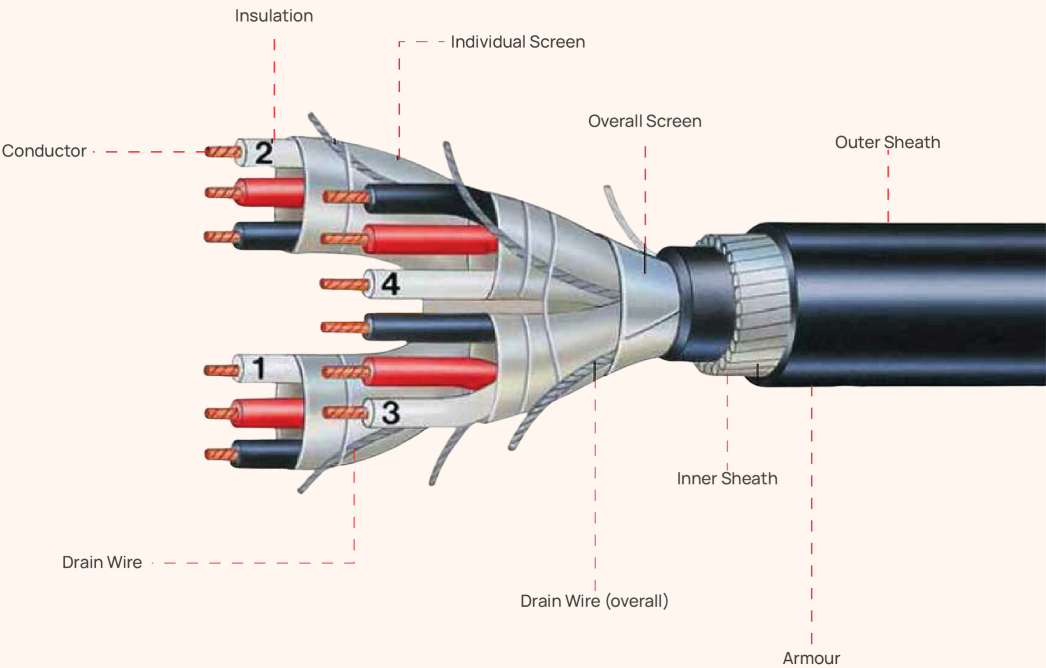

RAMCRO'S PRODUCT RANGE

- Nyloram (Alternate of Lead Sheathed cable)
 - GAS STOP according to IEC 60079-14
 - EN 50288-7 90 V/ 300 V / 500 V
 - PAS 5308 Part 1 Type 1/2/3 (old Bs5308)
 - PAS 5308 Part 2 Type 1/2/3 (old Bs5308)
 - IEC 60502
 - UL Cables
 - NF M 87-202
 - NF M 87-202 CR1-C1
 - Hi-temperature Cable
 - Thermocouple Cable
 - CPR Cables for civil and industrial safety plants Standard Version PVC/PVC
 - Alarm Cable - CPR Cables for civil and industrial safety plants Standard Version for External use PVC/PVC
 - Alarm Cable - CPR Cables for civil and industrial safety plants Standard Version LSZH/LSZH
 - Alarm Cable - CPR Cables for civil and industrial safety plants Standard Version for External use LSZH/LSZH
 - COAX Cable
 - Telephone Cable - TRR/TRHR
 - Access & Control Cable
 - SPE Cable
 - Solar Cable
 - Agribus Cable
 - UL Cable
 - EV Cables for Charging Station
 - Fire Optical Fire- Resistant Cables
- 

NICCO'S PRODUCT RANGE

- Solar & Windmill Cables
 - Ethernet Cables (Cat-5e, Cat-6a, Cat-7)
 - LT and HT Power Cables Upto 35 kV
 - Elastomeric & Silicon Cables (Upto 15 kv) for various application
 - PTFE, ETFE & FEP Cables
 - Flexible Trailing Cables - H07-RNF
 - Ethernet Polyurethane Cables
 - Rolling Stock Cables
 - Ship Building Cables
 - Fire Survival Cables (For Nuclear Reactor)
 - TREE WIRE / SPACER Cables - 3 layer Track Resistant (upto 35kv)
 - Hybrid / Composite and Underwater Cables
 - Pressure Tight Cables
 - Medium Voltage Covered Conductors (MVCC)
 - Automotive Cables
 - Cable Harnessing
 - Overhead Transmission Conductors (AAAC, ACSR, AAC, ACAR , AL-59)
- 

POWERING THE FUTURE OF OIL & GAS

RAMCRO CERTIFICATES OF EXCELLENCE

LPCB- Loss Prevention Control Board
Quality management system (QMS): ISO 9001: 2015
Environmental Management System (EMS): ISO 14001:2015
Occupational Health and Safety Standard: ISO 45001:2018
Certificate of Accreditation: ISO/IEC 17025:2017
Loss Prevention Control Board (LPCB): 568A- Fire Planet
Loss Prevention Control Board (LPCB): 568C- Fire Sun
Loss Prevention Control Board (LPCB): 568H- FO
Loss Prevention Control Board (LPCB): 568J- Fire Star
Underwriters Laboratories (UL)
BASEC: EN 50200
UAE CoC 568a02 FIRE PLANET
UAE CoC 568c- 02 FIRE SUN
UAE CoC 568j- 06 FIRE STAR Enhanced 120

NICCO CERTIFICATES OF EXCELLENCE

ISO 9001 / 14001 / 45001
Directorate of Quality Assurance (Navy) [DQAN] Registration Certificate
Defense Research and Development Laboratory (DRDL) Registration
Certificate Integrated Headquarters of Ministry of Defense (IHQ/DEE/MOD)
Research Designs and Standards Organization (RDSO)
American Bureau of Shipping (ABS)
Indian Register of Shipping (IRS)
Underwriters Laboratories (UL)
Central Power Research Institute (CPRI)
Bureau of Indian Standards (BIS)
International Railway Industry Standard (IRIS)
National Accreditation Board for Testing and Calibration Laboratories (NABL)
Det Norske Veritas (DNV)
